Index 1970

of the International Journal of Health Education

This index is divided into a subject index and index of authors.
The subject index carries one or more entries for each item published.

Behaviour and health

Behavioural objectives: a process approach to health teaching (Marion Pollock) . . 27
Conjugal roles as indicators of family influence on health-directed action (Leo Baric) 58
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1*
The use of the sociometric approach in school health education: can class leaders have a positive influence on health? (Vasile Pavlid) 38

Communication

Communication research in health and family planning programmes in India (S. B. Kar) 94
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1
The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103
The integration of health education in hospital work: an exploratory study among nurses and social workers (A. K. Bhatia) 153
Visual materials: how much can we communicate? (Thomas Sexton) 88

Community health and development

Introducing family planning in a rural setting (O. J. Sikes) 177

Concepts and definitions

Behavioural objectives: a process approach to health teaching (Marion Pollock) . . 27
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1
Selecting concepts for school health education in Finland (Juho Korhonen) . . . 83
The process of socialization in adolescents and its implications for health education (Olivier Jeanneret) 113

Conferences and seminars

Health education in the work environment: theme of the Dubrovnik meeting . . . 71
Moscow international seminar places emphasis on research in health education . 181
The VIIIth International Conference on Health Education: 20 years of health education: evaluation and forecast for the years ahead 133

Cultural and economic factors

A survey in the city of Lagos: socio-economic status and attitudes towards public health problems (Francis Okediji) . . . 72
Conjugal roles as indicators of family influence on health-directed action (Leo Baric) 58
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 12
Health education in the prevention of bacillary dysentery: needs and limitations (O. O. Hunponu-Wusu) 123
The process of socialization in adolescents and its implications for health education (Olivier Jeanneret) 113
The use of the sociometric approach in school health education: can class leaders have a positive influence on health? (Vasile Pavlid) 38
Traditional health care systems: potentialities for legitimization and integration (I. Vertinsky, J. Arango & O. Echeverri) 142
Where is the place of the health educator? (Bheem S. Sehgal) 55

* Abbreviation for Supplement to issue No. 1.

Dental health

Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
Teach yourself dental health (Ian H. Maddick & David Downton) . . . 66

Diseases: prevention, treatment, rehabilitation

Cancer: Conjugal roles as indicators of family influence on health-directed action (Leo Baric) 58
Cancer: Cytological screening: the " drop-outs " are most at risk 37
Cancer: Early detection saves lives: theme of World Health Day 1970 36
Dysentery: Health education in the prevention of bacillary dysentery: needs and limitations (O. O. Hunponu-Wusu) . . 123
Myopia: An experimental approach to the prevention of myopia in children (N. B. Korostelev) 169
Respiratory diseases: Advertising and smoking (John Wakefield): 118

Drug dependence

Teaching about narcotics and dangerous drugs: an experiment in the student research approach (Seymour Eisemann) 128
The process of socialization in adolescents and its implications for health education (Olivier Jeanneret) 116

Environmental health

A survey in the city of Lagos: socio-economic status and attitudes towards public health problems (Francis Okediji) . . . 72
Health education in the prevention of bacillary dysentery: needs and limitations (O. O. Hunponu-Wusu) 123

Evaluation/evaluated projects

Advertizing and smoking (John Wakefield) 118
An experimental approach to the prevention of myopia in children (N. B. Korostelev) 169
Communication research in health and family planning programmes in India (S. B. Kar) 94
Conjugal roles as indicators of family influence on health-directed action (Leo Baric) 58
Cytological screening: the " drop-outs " are most at risk 37
Dental health education; an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103

Family health

Communication research in health and family planning programmes in India (S. B. Kar) 94
Introducing family planning in a rural setting (O. J. Sikes) 177
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1
The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103
Where is the place of the health educator? (Bheem S. Sehgal) 53

Historical records

Where is the place of the health educator? (Bheem S. Sehgal) 53

International organizations

World Health Organization
Cytological screening: the " drop-outs " are most at risk 37
Early detection of cancer saves lives: theme of World Health Day 1970 36
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1 p.30

IUHE

Health education in the work environment: theme of the Dubrovnik meeting . . . 71
The VIIIth International Conference on Health Education: 20 years of health education: evaluation and forecast for the years ahead 133

Learning, health interests, knowledge

A survey in the city of Lagos: socio-economic status and attitudes towards public health problems (Francis Okediji) . . . 72
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
Health education in the prevention of bacillary dysentery: needs and limitations (O. O. Hunponu-Wusu) 123
Teaching about narcotics and dangerous drugs: an experiment in the student research approach (Seymour Eiseman) 128

Teach yourself dental health (Ian H. Maddick & David Downton) . . . 66
Traditional health care systems: potentialities for legitimization and integration (I. Vertinsky, J. Arango & O. Echeverri) 142

Mass media

Advertizing and smoking (John Wakefield) 118
Communication research in health and family planning programmes in India (S. B. Kar) 94
The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103
Visual materials: how much can we communicate? (Thomas Sexton) 88

Medical care institutions/systems

Could physicians be more effective in health education? (Leo Baric) 43
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1
The integration of health education in hospital work: an exploratory study among nurses and social workers (A. K. Bhatia) 153

Methods and procedures

An experimental approach to the prevention of myopia in children (N. B. Korostelev) 169
Behavioural objectives: a process approach to health teaching (Marion Pollock) . . 27
Introducing family planning in a rural setting (O. J. Sikes) 177
Teaching about narcotics and dangerous drugs: an experiment in the student research approach (Seymour Eiseman) 128
Teach yourself dental health (Ian H. Maddick & David Downton) 66
The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103
The use of the sociometric approach in school health education: can class leaders have a positive influence on health? (Vasile Pavlid) 38
Traditional health care systems: potentia-(ities for legitimization and integration (I. Vertinsky, J. Arango & O. Echeverri) 142

Motivation

An experimental approach to the prevention of myopia in children (N. B. Korostelev) 169
Communication research in health and family planning programmes in India (S. B. Kar) 94
Conjugal roles as indicators of family influence on health-directed action (Leo Baric) 58
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
The use of the sociometric approach in school health education: can class leaders have a positive influence on health? (Vasile Pavlid) 38
Traditional health care systems: potentialities for legitimization and integration (I. Vertinsky, J. Arango & O. Echeverri) 142

Nutrition

The impact of education and mass media exposure on child feeding in Costa Rica (Gerald Zaltman, Ralph Hingson & Juan Allwood) 103

Obituary

In memoriam: Beryl J. Roberts S.1

Planning of programmes

Afghanistan starts health education in primary schools (Mitchell Owens & M. O. Ahmadzai) 149
Dental health education: an overview of selected concepts and principles relevant to programme planning (Marjorie A. C. Young) 2
Selecting concepts for school health education in Finland (Juho Korhonen) . . . 83

Professional preparation

Afghanistan starts health education in primary schools (Mitchell Owens & M. O. Ahmadzai) 149
A revalorization of medical practice is needed (Jacques Monnier & Jean Vibes) . . 51
Canada announces a French-speaking course for post-graduate preparation in health education 182
Comparisons on the preparation of health education teachers in the US, 1949-1970 (Jessie Helen Haag) 163
Could physicians be more effective in health education? (Leo Baric) 43
Research in education aspects of health programmes: its relationship with professional education and practice (Beryl J. Roberts) S.1
The stumbling block: inadequate training (Bertram P. McCloskey) 49
Traditional health care systems: potentialities for legitimization and integration (Ilan Vertinsky) 142
Where is the place of the health educator? (Bheem S. Sehgal) 53

Professions: their role

A revalorization of medical practice is needed (Jacques Monnier & Jean Vibes) . . 51

Could physicians be more effective in health education? (Leo Baric) 43
I differ on the means and priorities (Duncan W. Clark) 45
Sympathetic understanding: who can best give it? (Guy Loison) 47
The integration of health education in hospital work: an exploratory study among nurses and social workers (A. K. Bhatia) 153
The stumbling block: inadequate training (Bertram P. McCloskey) 49
Traditional health care systems: potentialities for legitimization and integration (Ilan Vertinsky) 142
Where is the place of the health educator? (Bheem S. Sehgal) 53

Publications

Alcohol and alcoholism (ed. Robert E. Popham) 140
Basic bibliographies for educators in health (SOPHE) 90
Control of communicable diseases in man (ed. Abram S. Benenson) 92
Coordinate index reference guide to community mental health (Stuart E. Golann) 92
Dental health education (WHO) 135
From dependency to dignity: individual and social consequences of a neighborhood house (Louis A. Zurcher & Alvin E. Green) 183
